

## One of the best ranges in the market since 1924.

With more than 125 years of history and experience, **Smoking®** has one of the largest assortments of papers and accessories on the market. It has a presence on five continents and is old in more than 100 countries worldwide.

The origins of the company date from the early 18th century, in the village of Capellades (Barcelona) where the Miquel family began producing handmade paper. In 1924, the family established the **Smoking®** brand, which from its very first days combined a cosmopolitan, international outlook, with a marked cultural conscience. This has been the embodiment of the brand since the moment of its creation.

Since then, **Smoking®** has been synonymous with continuous research and innovation. As a result, it is now able to offer a wide range of papers and accessories that cater to all tastes and requirements, allowing users to make their choice an authentic expression of their individuality.

Finally, nothing would have been achieved without a clear commitment to excellence. **Smoking®** is now recognised as a watchword for quality, since Miquel y Costas adheres to strict controls to ensure the highest standards in each and every one of its products.

### COMBUSTION

**Slow Burning leaves** - Ideal for those who want their roll-up to last longer.

**Free Burning leaves** - Burns faster, similar to a manufactured cigarette.

### THICKNESS (GRAMMAGE)

**Smoking®** offers different grammages to suit different people and different tastes and different situations.

### PAPER TEXTURES

Not all papers are the same, that is why we put our seal of identity on ours.

### SUSTAINABILITY

We use exclusively **100% natural vegetable Arabic gum** from the African Acacia trees. The purest ingredients, totally natural, for the best sticking results, with no colouring or artificial additives.

**Forest Stewardship Council (FSC)®** guarantees that **Smoking®** participates in the responsible management and protection of world forest resource.

Papers with the **TREE FREE** seal certify that no tree has been cut down to produce them.

### STICKY TAB

Regular-sized **Smoking®** booklets include our **sticky tab** system, to stick your booklet anywhere you want and never lose it.

### INITIAL GUARANTEE SHEET

All our booklets include an initial guarantee sheet. This ensures that you are the first to open your **Smoking®** booklet and the quality of our products.

### WARNING LEAFLET

Our booklets include a warning leaflet to advise you when you have only 5 papers left. This way you'll never run out of **Smoking®** papers.
